# India's 1<sup>st</sup> Associate Vocational Degree Program For special needs adults

Pathways is a 3-year Associate Vocational Degree Program with academic and industry certification, providing a career path for young special needs adult.

## About Sol's ARC

Sol's ARC conducts innovative education research to build inclusive learning content, ensuring every individual can learn. Currently Sol's ARC reaches out to 25,000 individuals.

### Problem

### Reason

- Lowest education attainment
- Poor social and life skills
- No recognized certification from the industry or Government

### Solution

- Inclusive content mapped to industry needs
- Life skills program for independent adult life
- Industry and academic certification

## What we do in Pathways?

Job mapping & curriculum development

Accreditation from academic & Industry partners

Employment guidance and support

## What's Next in Pathways? (2017-20)

Sector mapping completion

Building inclusive curriculum & standardization

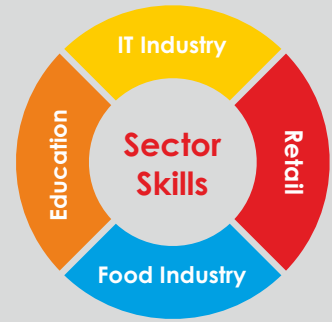

Industry & academic certification

Scaling through partners

## Pathways Program

+

## Voices from the Ground

Mohit was 25 and diagnosed with intellectual disability when he came to Sol's ARC. Mohit was provided support & training in I.T for the year of 2015. As part of a small pilot, he was placed with Real Image, a media firm and learned how to duplicate movies. Today, he goes to office thrice a week and he receives a salary, making his mother proud.

Mohit at his first assignment at Real Image.

## Impact

Improved Learning outcomes

Enhanced Employability

## Testimonial

"I am pleased to confirm my participation and cooperation to Sol's ARC and will assist and guide to execute and roll out project pathways."

Chef Sanjeev Kapoor
